

NTUCollab

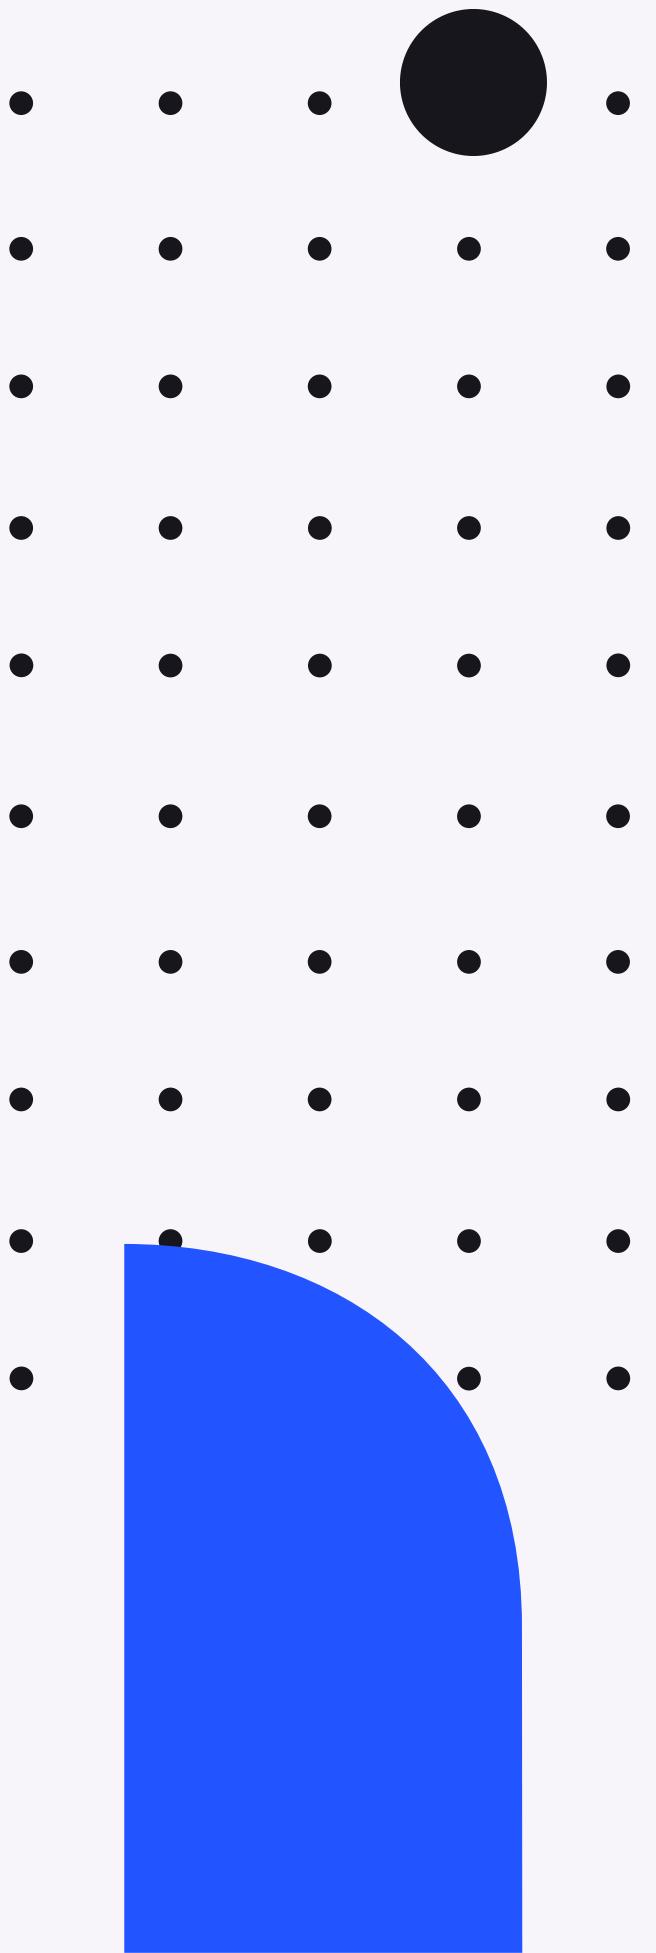

A Collaboratory Platform for NTU Students

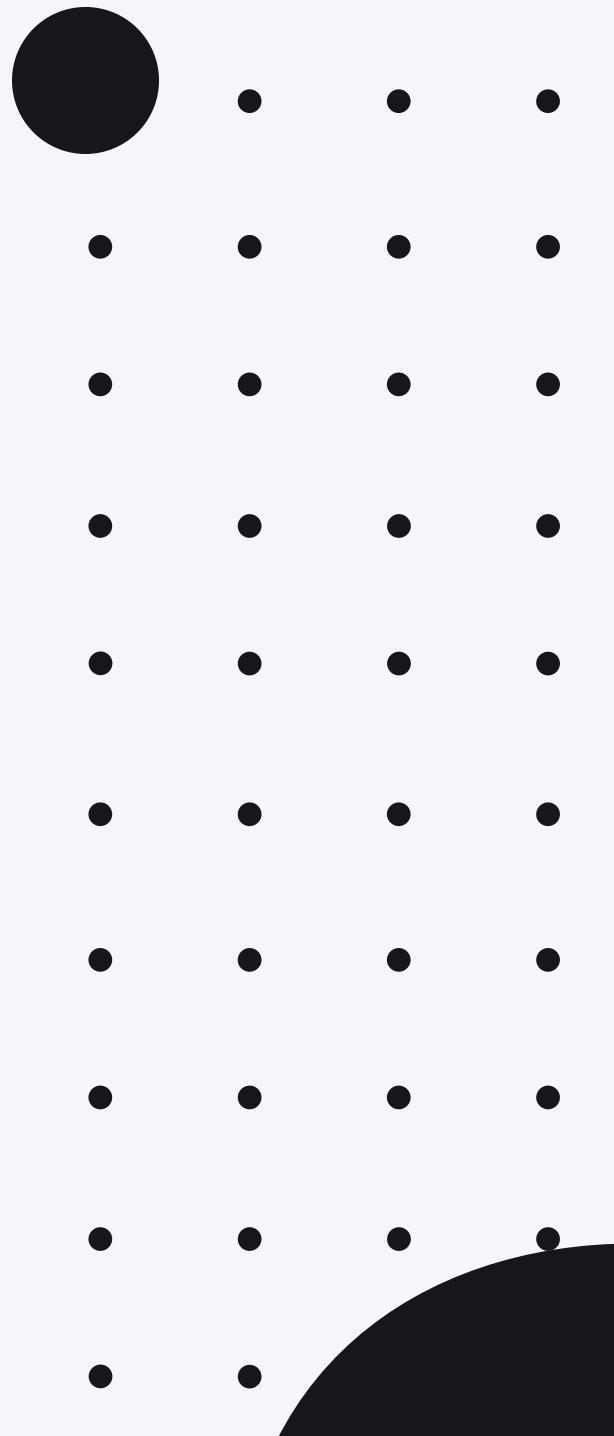

Inspiration

COVID-19 pandemic has impacted our lives in more ways than we can point out

One of the most deeply impacted sphere is **social life**. University students living all alone want more like minded people with whom they can share their interests

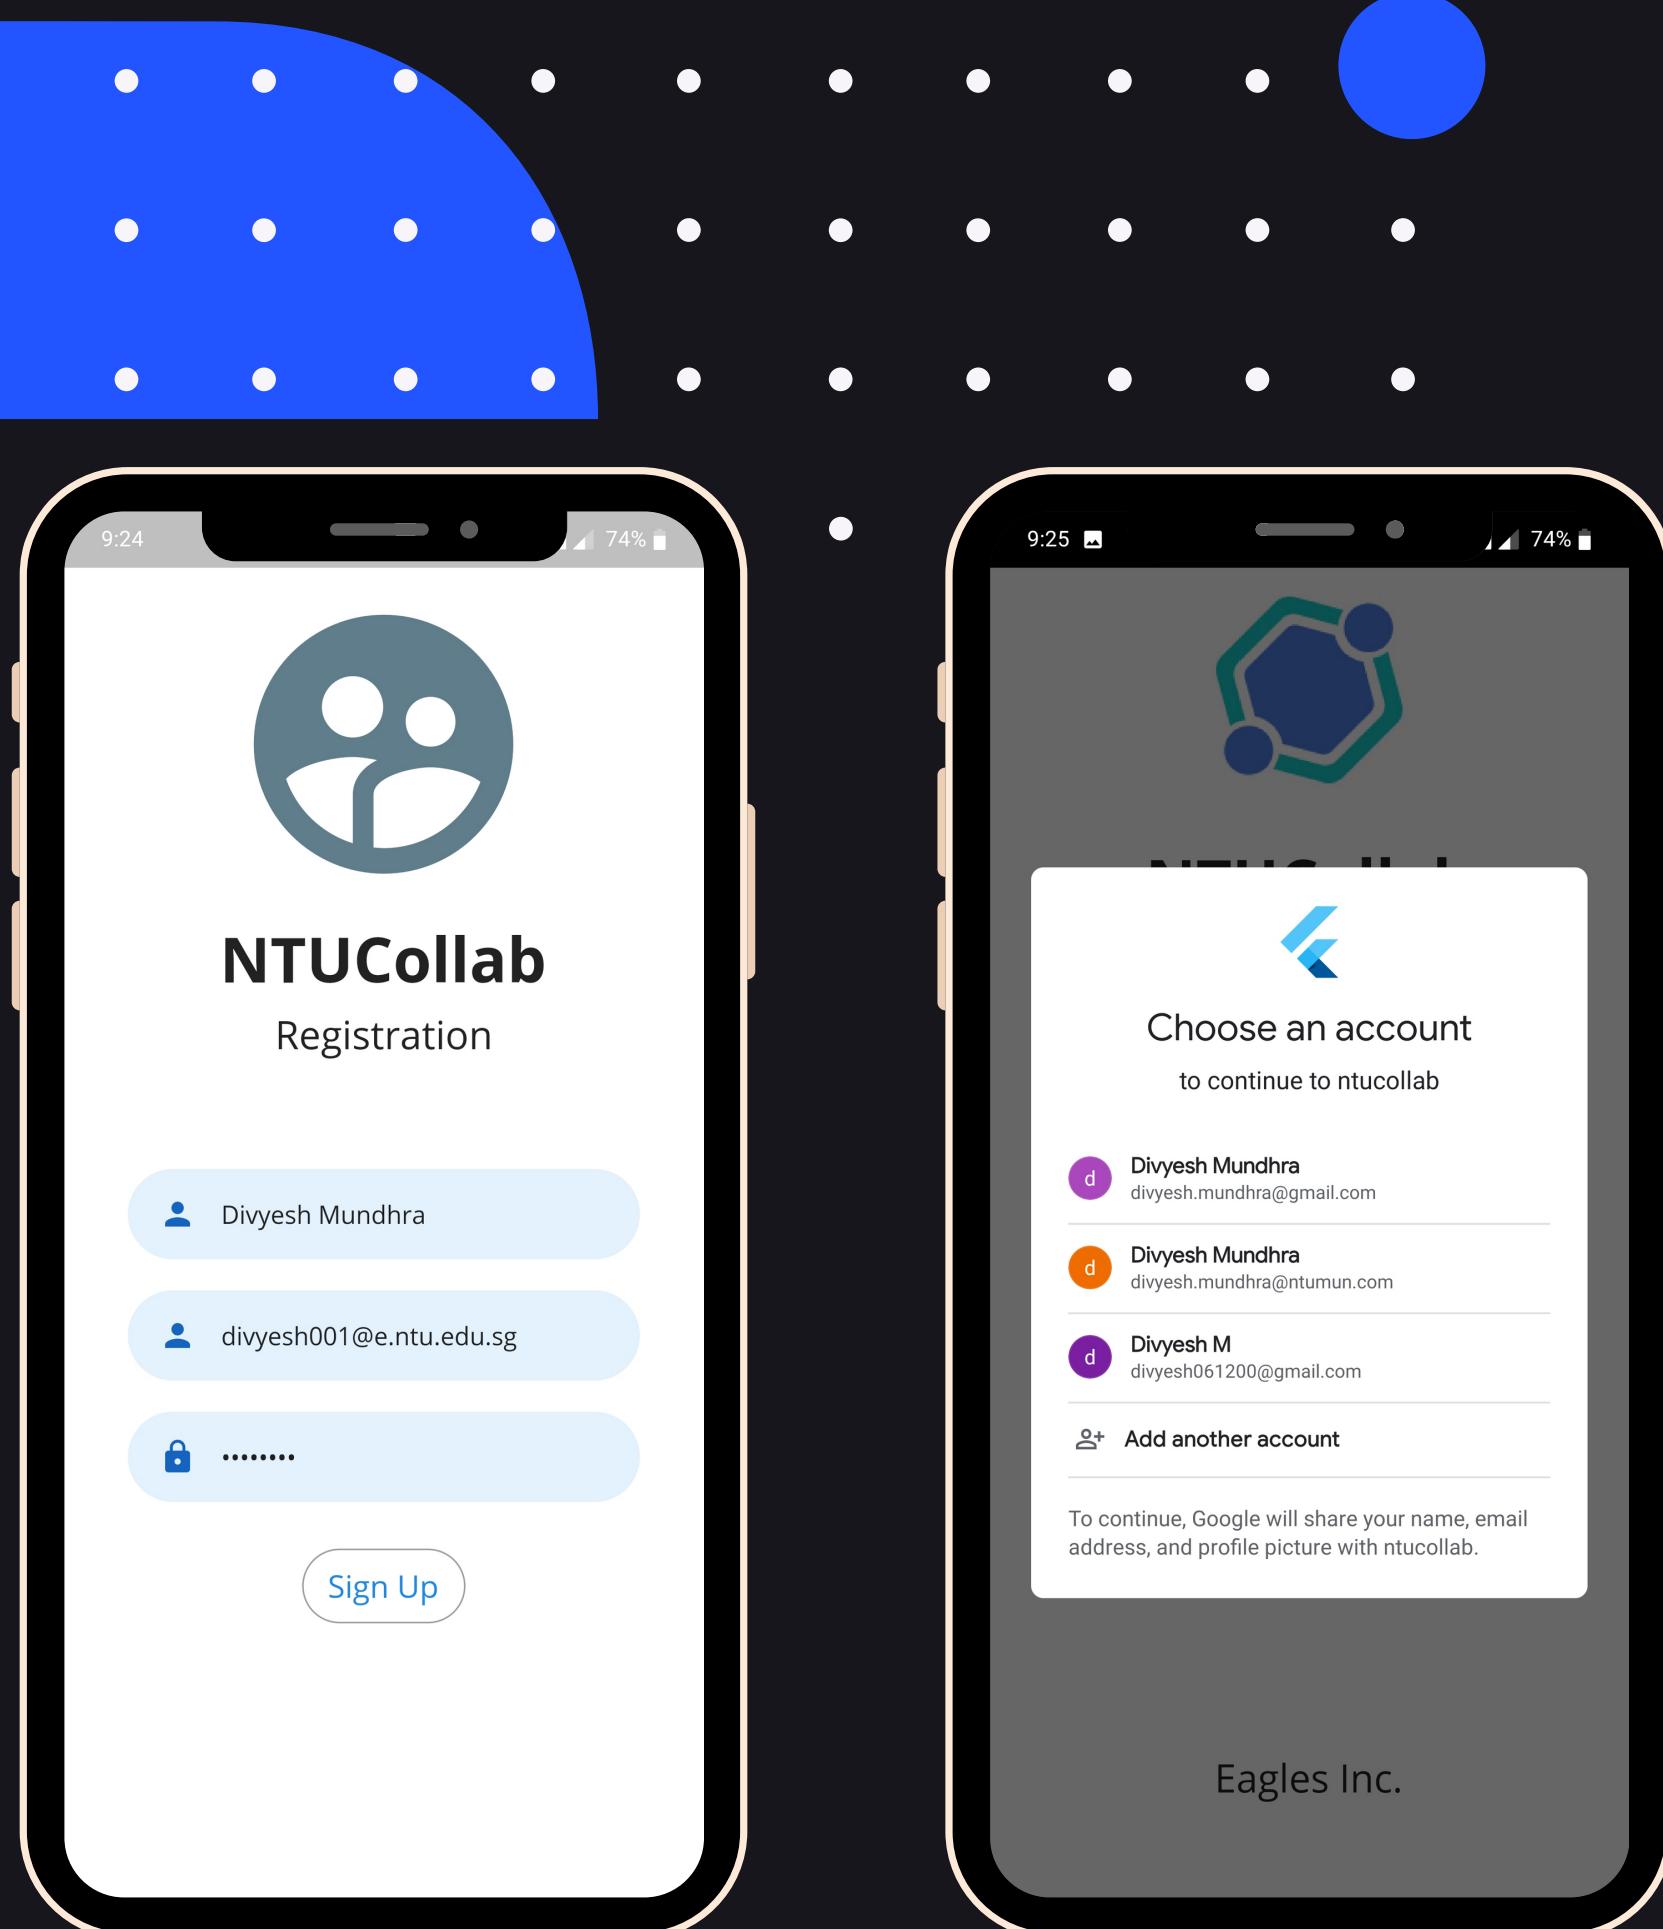

NTUCollab is a one-stop application where you can meet people with similar interests, join groups that intrigue you and get to know more about courses that you would enjoy

Select Tags

Select the tags that seem interesting to you.

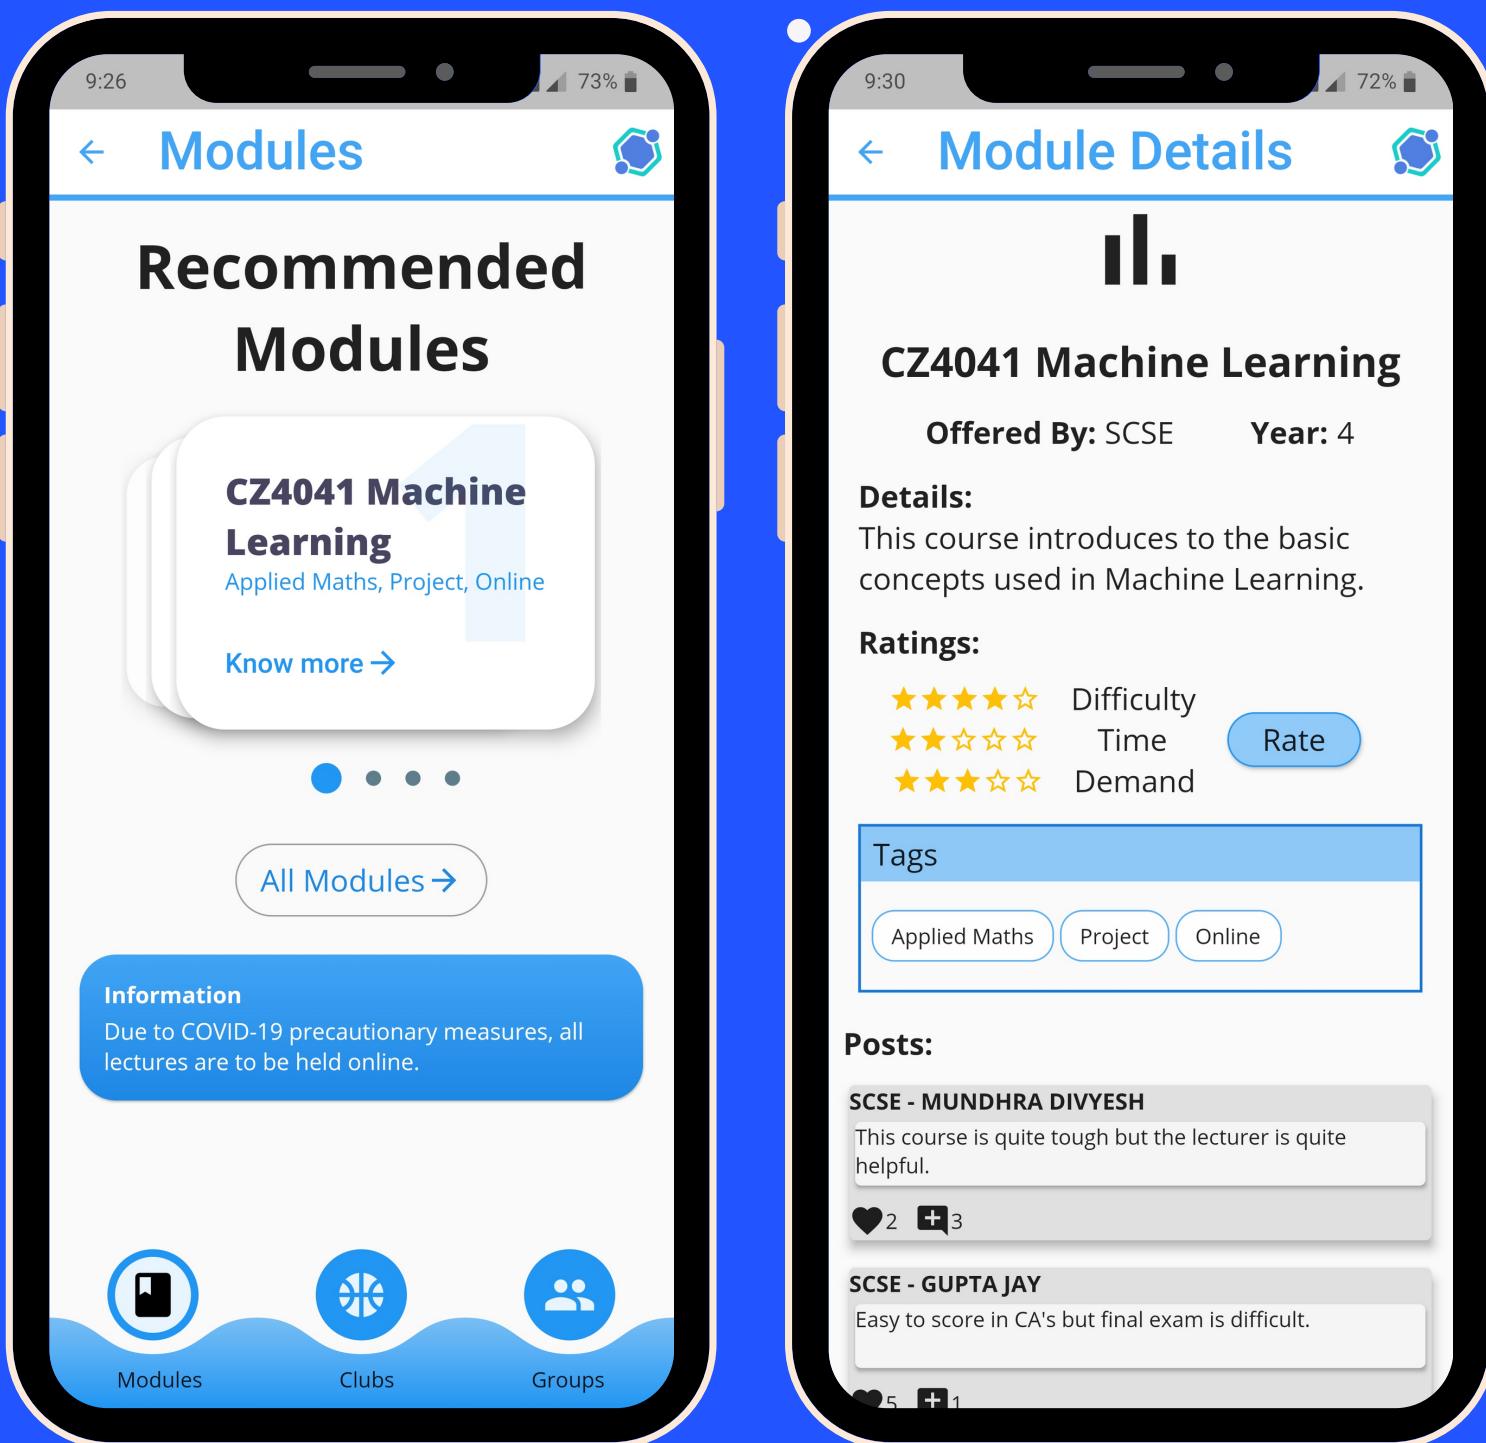

And don't worry, you can change them later. Even we can not decide which ones to pick.

Modules

Get the Modules that you would love to study,
from our Recommendation System

Get detailed reviews and information by clicking
on the required module card.

You can also view all the modules if you do not
trust our recommendation (don't worry, we won't
take it personally)

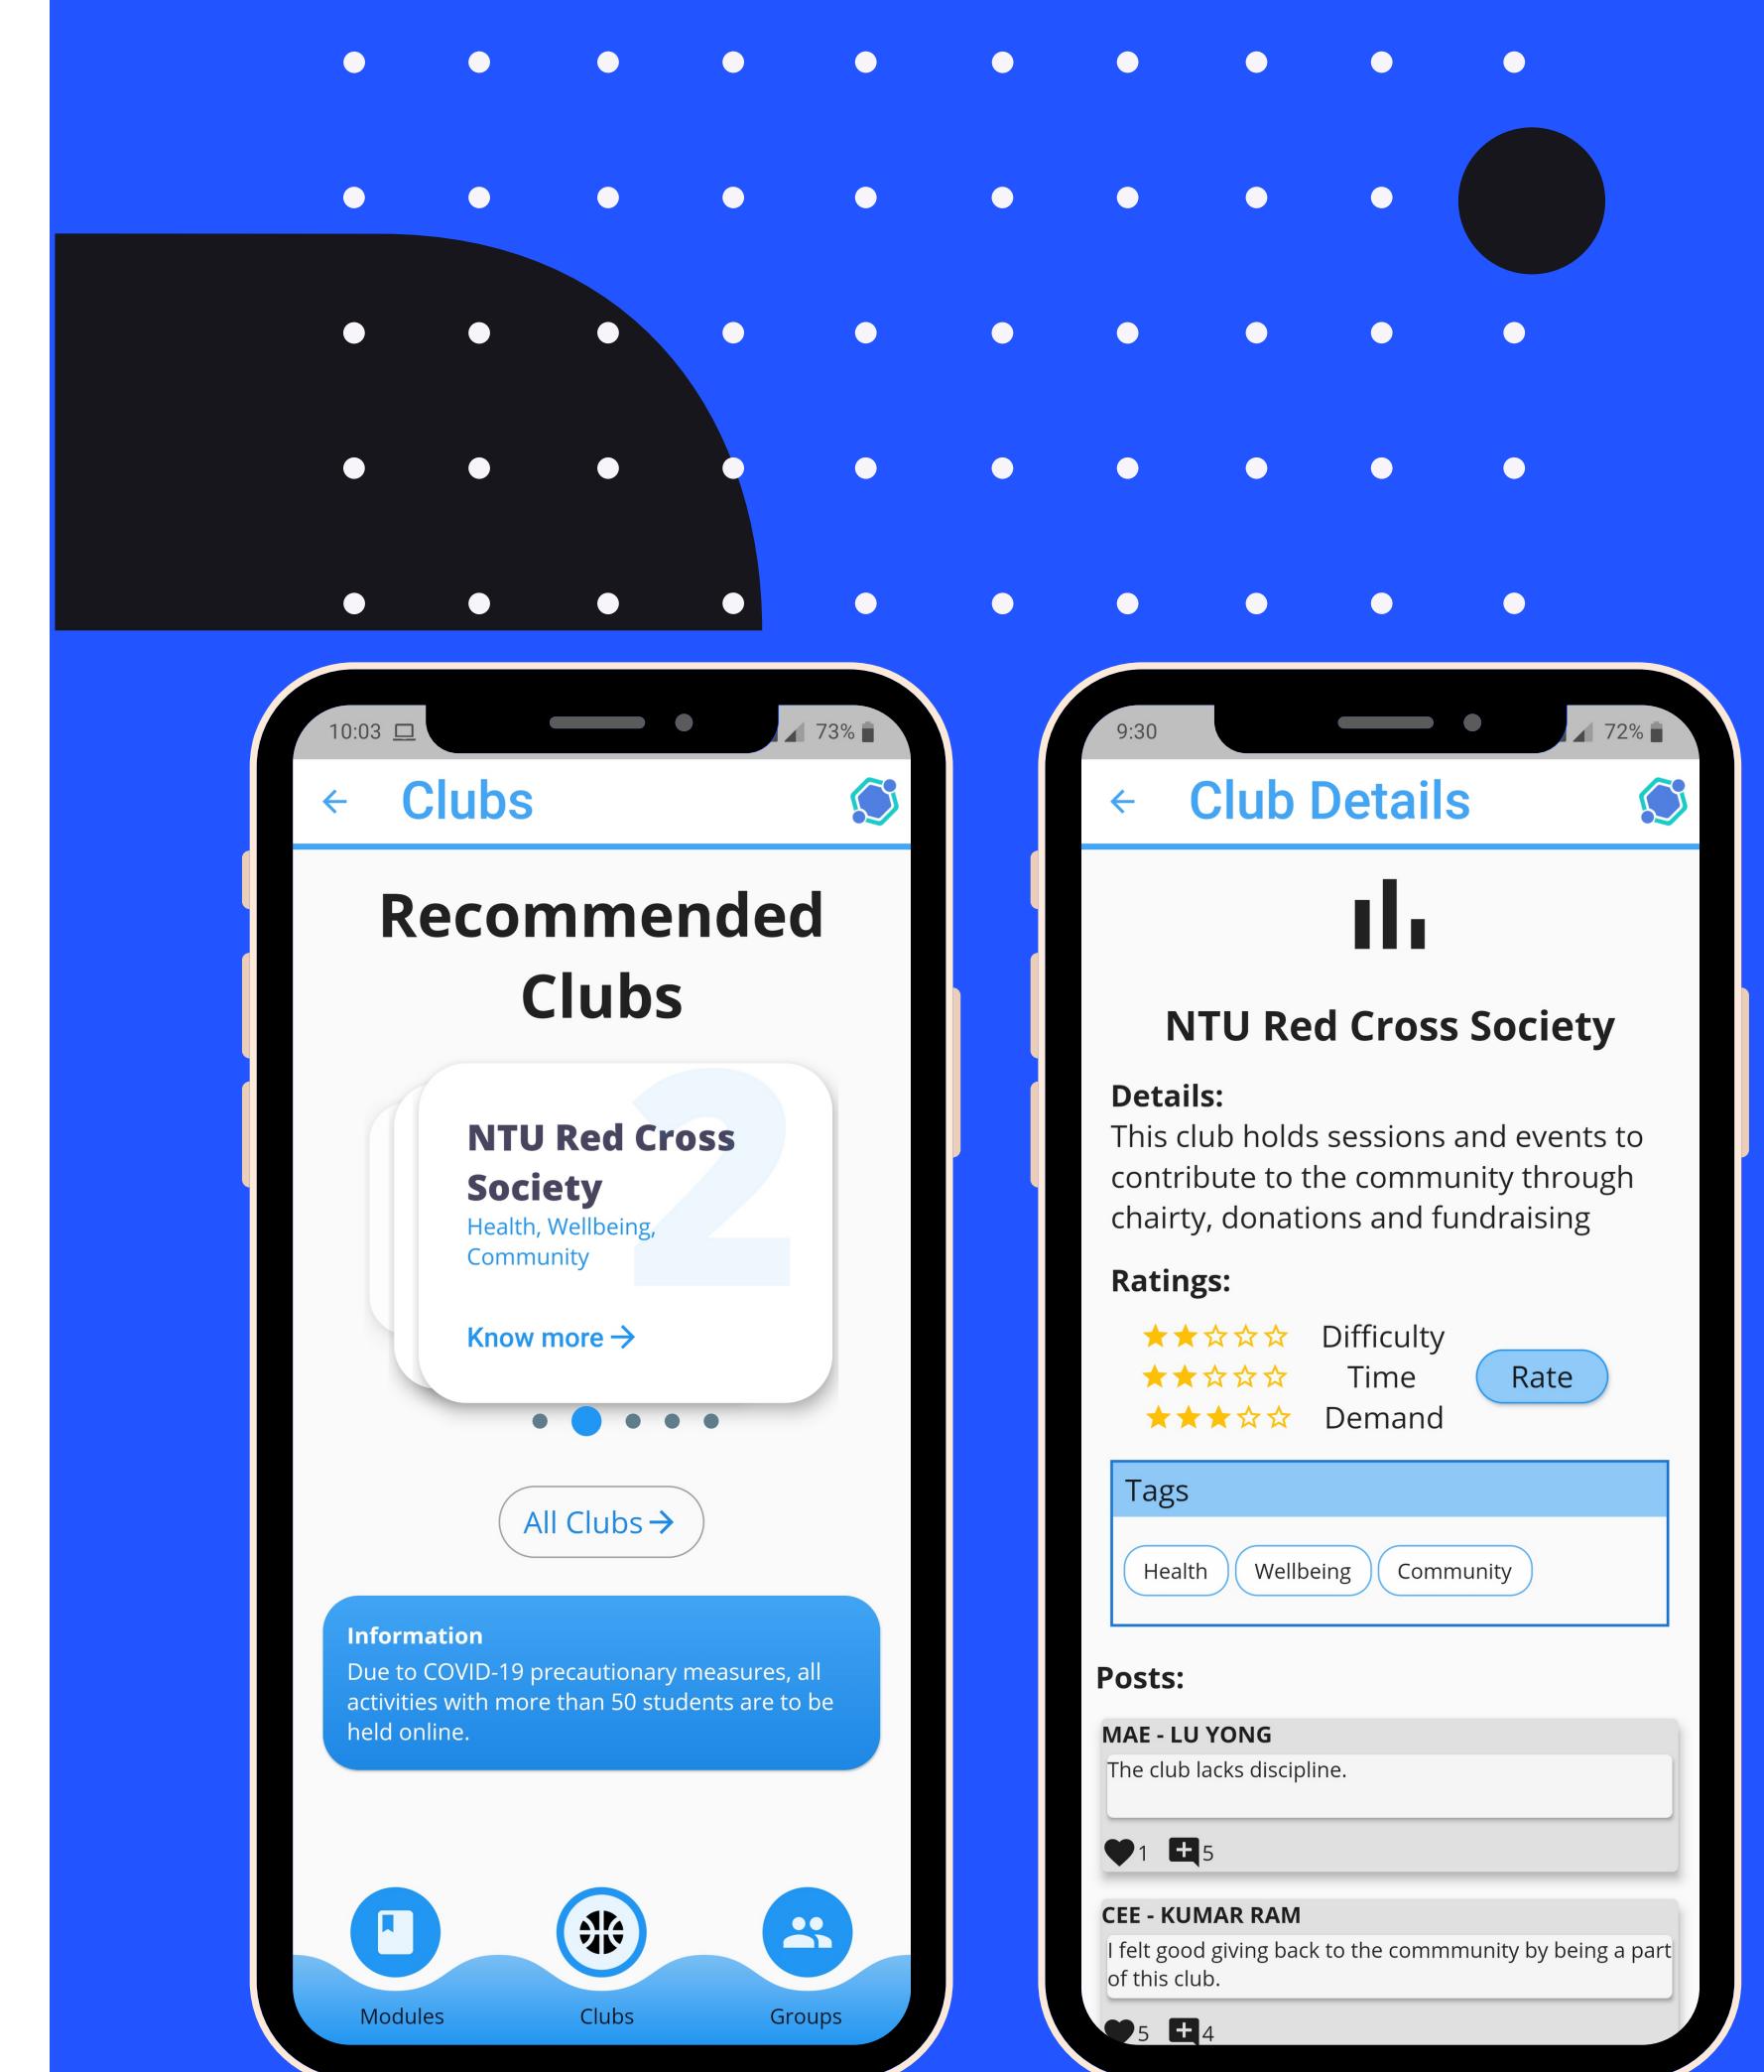

Clubs

University is more than just studying.

Get recommendations on the different clubs that are present in NTU

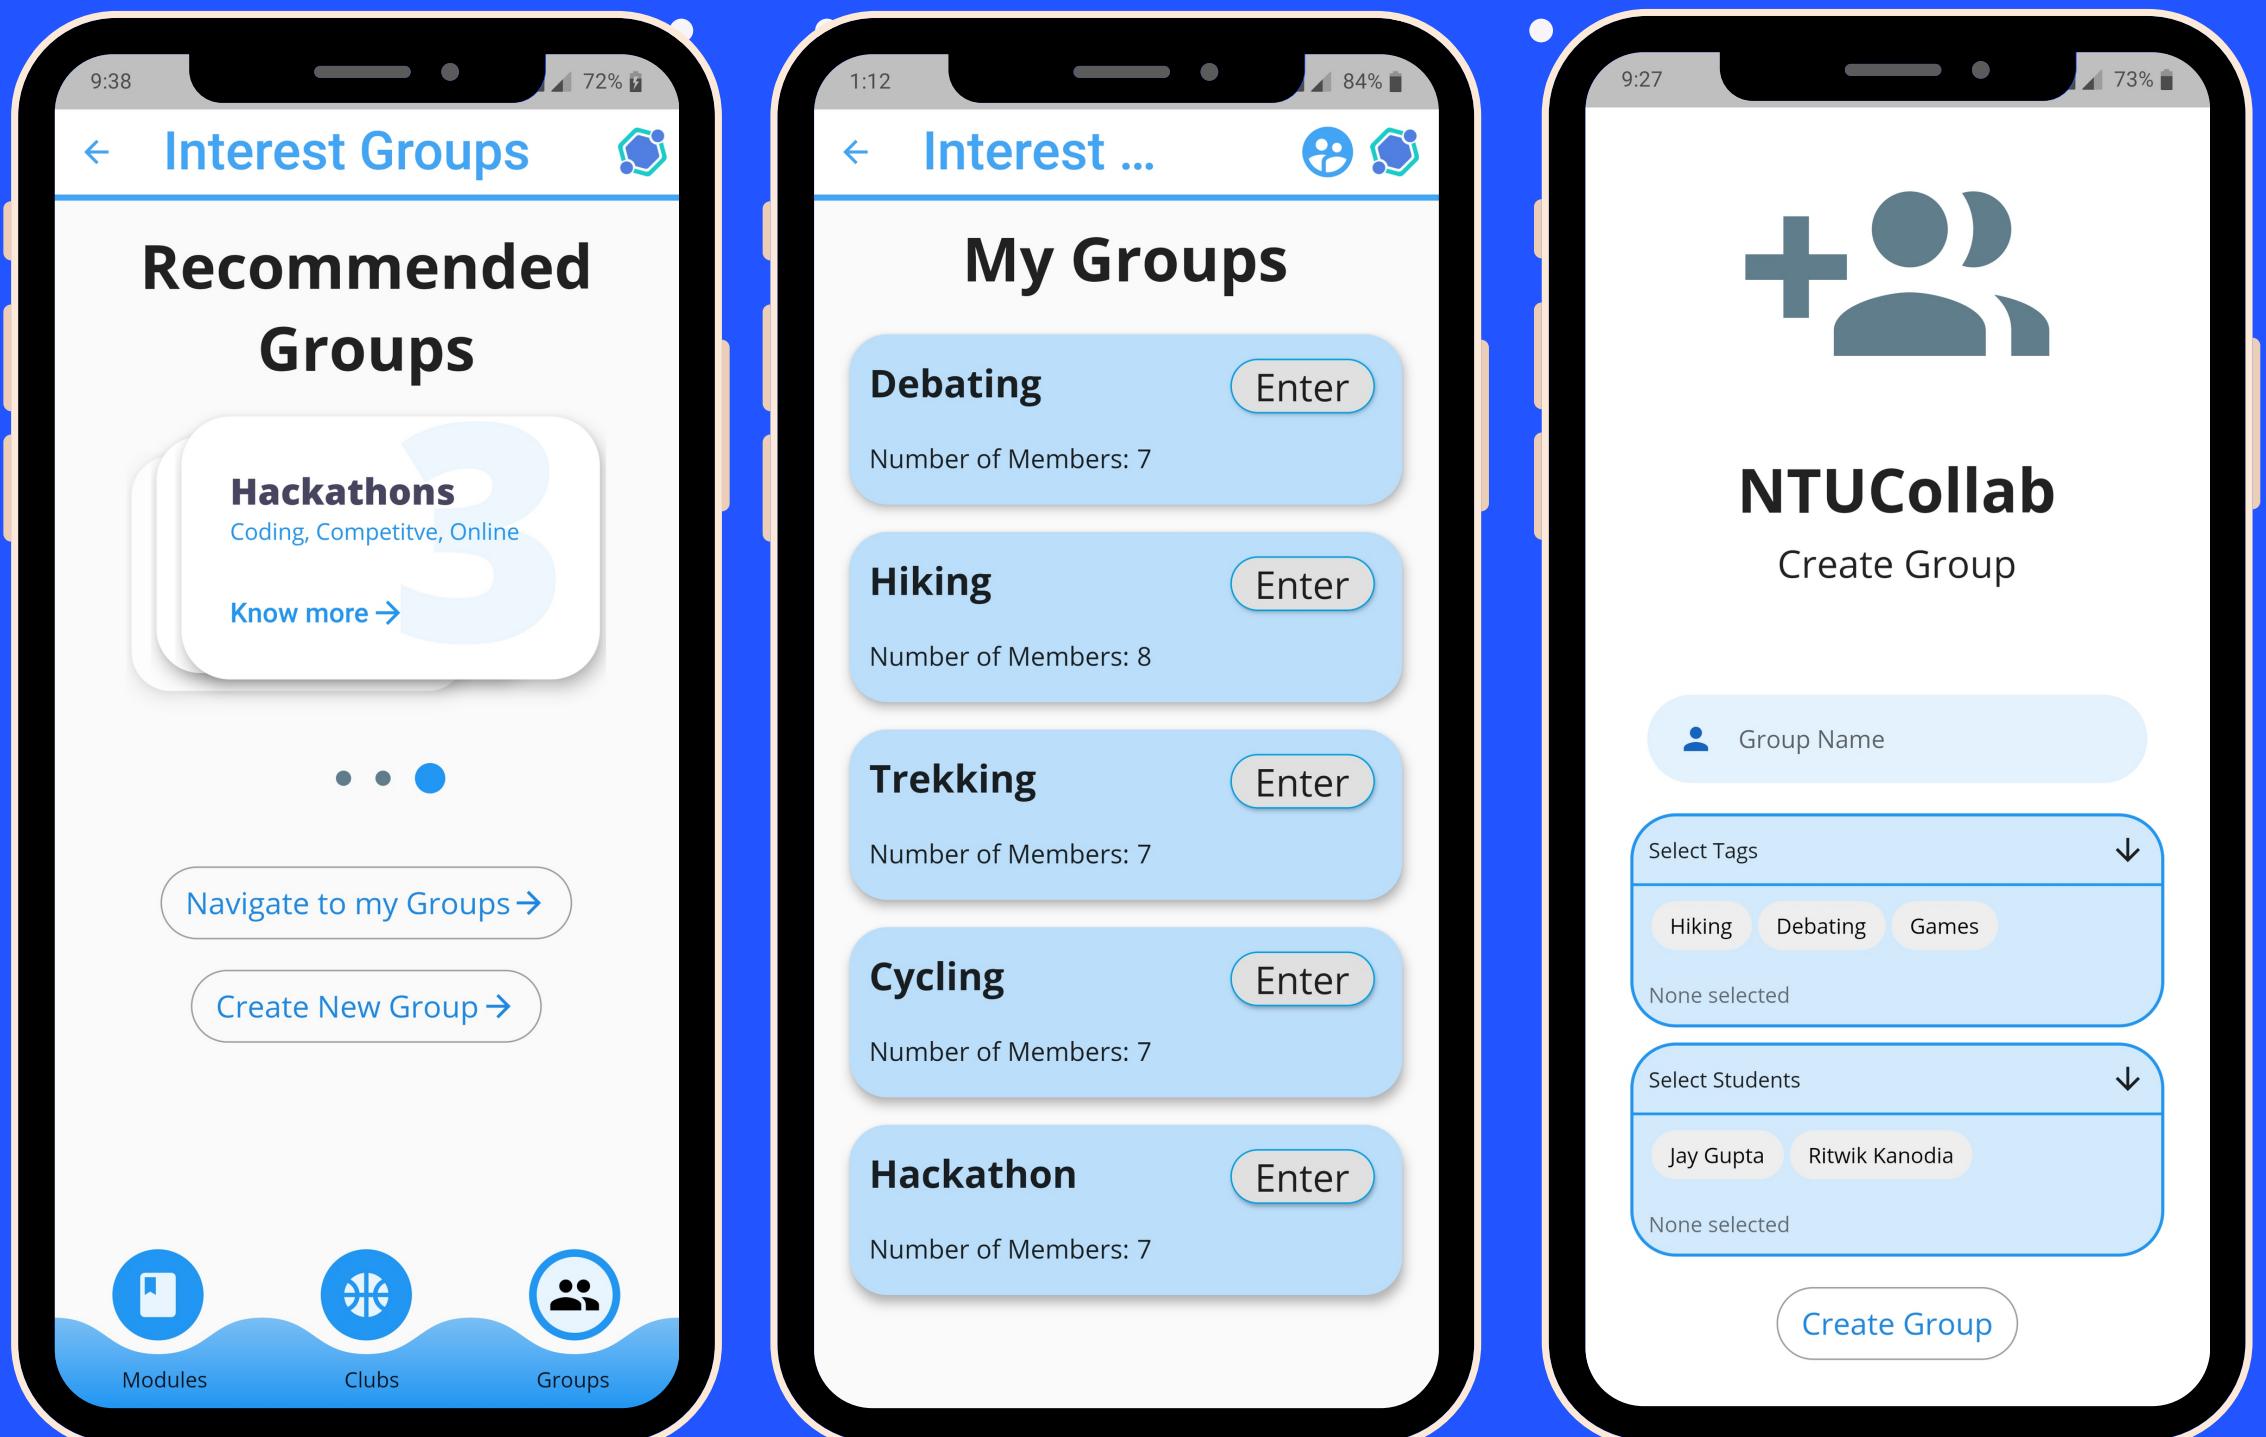

Detailed information can be viewed by clicking on the card you want to know more about

Interest Groups

You may have an interest that we may have missed so go one and build a group of that interest!

You can also view the groups that have already been made (there are other people like you) and those that you are a part of

We hope you liked NTUCollab

We understand university students as we are ourselves
So here is an app for the students, by the students
